Chris Mayberry
10for2 Web Design
Owner, Eastern Division

Chris,

I would like to take this opportunity to thank you for the work that you and Jason put forth in the development of my website. I must admit that the results far outweighed other companies I had worked with in the past. You and your associates took the time to get to know and understand my business model. You both were professional, courteous and respected the need to allow my business to remain operational during the changeover. You provided a very reasonable estimate and well below competitors who do not provide the same quality that I received from your company. The quality of work performed was far superior to the old site. If you ever need a reference or recommendation or if you would like to have anyone contact me, I will be glad to spread the news that there is a company who listens to the needs of a company and exceeded all expectations.

Yours truly,

Patricia Parker
